

SAP on Microsoft Azure Power Virtual Agents

Holger Bruchelt (Microsoft)

Technical Enablement

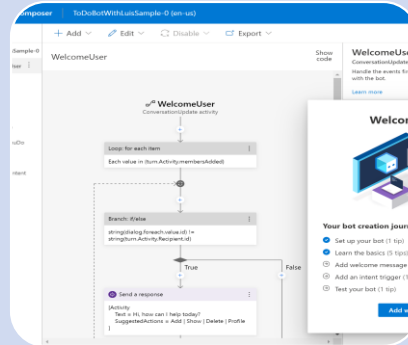

Multiple options to build a Chatbot

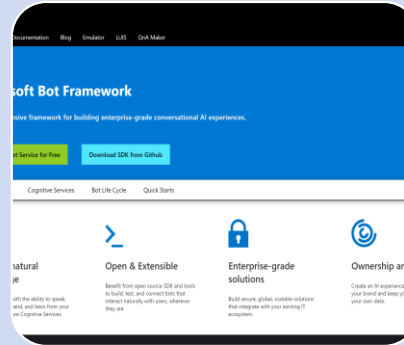

Power Virtual Agents

- Low Code / no Code
- Leverage Power Automate Flows

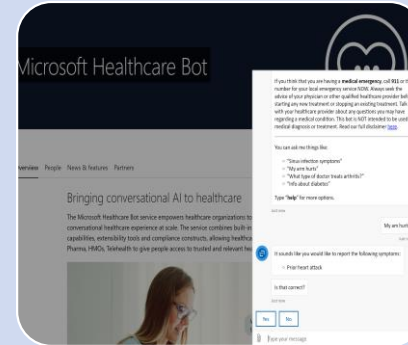

Bot Framework Composer

- Easy to use
- Low code, but not no code ☺

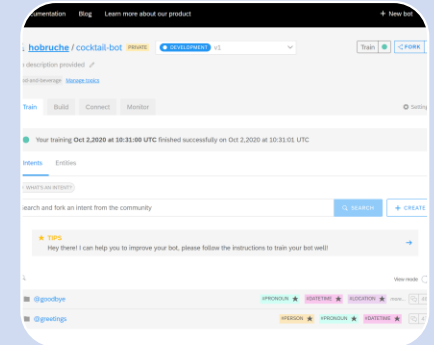

Bot Framework SDK

- No visual UI
- Lots of samples on GitHub

Microsoft Health Bot

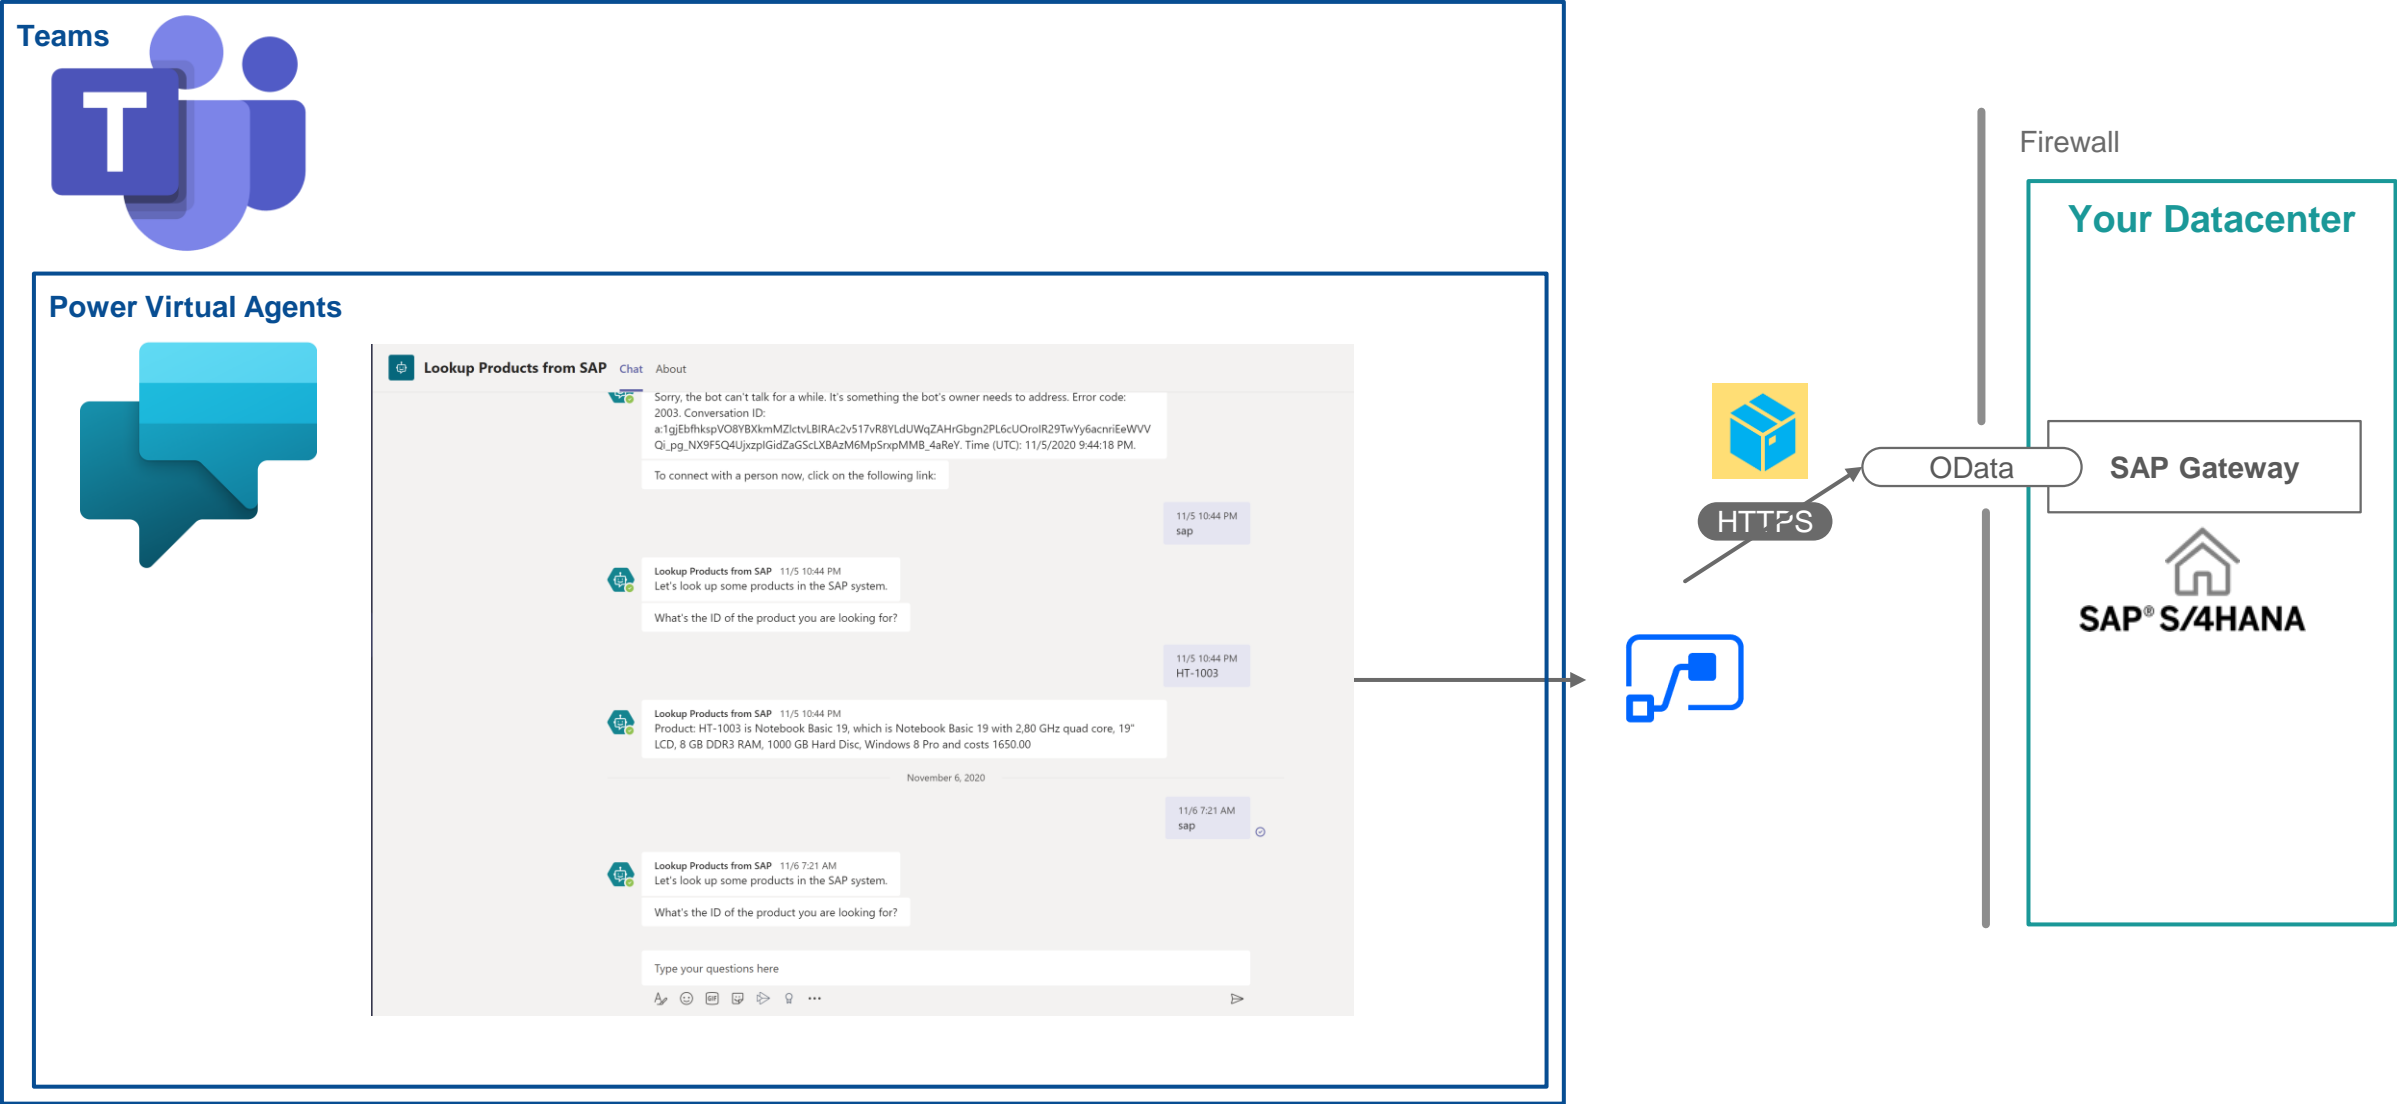

- build and deploy an AI-powered, compliant, conversational healthcare experience

SAP Conversational AI

- helps users efficiently manage business tasks

Power Virtual Agents – in Teams
